You may ask, "Andy, why is it you are a Realtor?"

Truthfully, it's as simple as one word...and that is **PASSION**.

Better said, I am an Arizona Native that is utterly passionate about the state I have spent all 32 years of my life in and want to share that passion with you. As a child, I was constantly exploring the neighborhoods by bicycle with my friends. When I say exploring, I mean we knew every single home, every crevasse of one another's homes, the best climbing trees in the area, the best adventures and this exploration has transpired into my career as a Realtor. It is here as a Realtor, that I get to be detail oriented and diligent as we search for your wants & needs and create that vision of you and your family in a "move in ready" home or home that needs some imagination, love and a little upgrading. It just takes a little creativity and vision!

Let me open the door for you into your next home or close that chapter as we sell your home while you start a new chapter in your Real Estate adventure.

I have spent my life capturing this passion through photography, events, woodworking and home projects and now I want to help you find your next place to call your own.

Talk soon and if you wouldn't mind, please share with your friends and family.

Thank you!
